The SPACE ADVENTURES  
OF  
**MICROBOO**  
WITH HER FRIENDS  
OF THE FOREST

TIMOTHY MARTIN DAHER

## Welcome to the Whimsical World of Microboo!

Are you ready to join Microboo and her friends of the forest on the adventure of a lifetime? In this guide, you'll embark on an exciting treasure hunt to uncover the secrets of the Star of Twylo—a powerful alien artifact that could save the galaxy! Along the way, you'll meet quirky characters, solve puzzles, and earn certifications to become an official Lagomorph warrior. It's a fun way to learn, play, and use your amazing brain!

---

### Meet the Main Characters

- **Microboo:** A tiny black cat with a big heart! recruited by an alien rabbit, she rose to power as a galactic ambassador. She's cool, brave, clever, and always ready to save the day.
- **T-mo-t McBlinkie:** An artist and caretaker of feral cats, T-mo-t is a mix of creative genius and lovable clumsiness. He's always there to help—even if he stumbles along the way! He gets put in charge of Earth and Microboo handles the Galactic Council.

- **Chief Twylo:** A wise alien rabbit who put Earth on trial for its bad behavior. He's been searching for the Star of Twylo for billions of years and believes it holds the key to the universe's future.
  - **Mrs. McBlinkie:** The brains of the operation! She's a kind-hearted genius who helps the team outsmart their enemies and come up with clever plans.
- 

## Your Mission

The Star of Twylo isn't just any artifact—it holds the power to reshape the galaxy! But it's hidden, and only the cleverest treasure hunters can find it. Your mission is to solve a series of clues scattered across the galaxy. Each clue will bring you closer to the artifact, but you'll need to use your wits, creativity, and teamwork to succeed.

---

## What You'll Do

- **Build Your Own Scuttle Hopper:** Learn how to assemble your very own spaceship to travel between planets.

- **Solve Puzzles and Riddles:** Test your brainpower with riddles, trivia, and mind-bending challenges.
  - **Explore the Microboo Universe:** Find clues hidden in the *Space Adventures of Microboo* books, videos, songs, and audiobooks.
  - **Earn Certifications:** Level up as you complete challenges and become an official Lagomorph warrior!
- 

### Who Can Join?

This adventure is perfect for the whole family, especially moms and kids aged 5-12. It's a fun, family-friendly way to explore the galaxy, learn new things, and bond over a shared love of adventure.

You and your kids will learn to love Alexia and utilize our free LLM model equipped with safety features programmed into multiple datasets. She does not make images or videos. But pretty much everything else. Talk to her.**

Here is “Sneak-Peek:” at our book series. This is a new second edition of the book, *The Space Adventures of Microboo with Her Friends of the Forest (Second Edition sample)*.

In a quiet corner of Wake Forest, North Carolina, life at the McBlinkie household is anything but ordinary. Between T-mo-t’s artistic mishaps, Mrs. McBlinkie’s mad scientist inventions, and the antics of their feral cat crew—Microboo, Rosebud, and Julia—their backyard “Kitty Kat Resort” is already a hub of quirky chaos. But when a golden alien mothership descends from the stars, their wacky world is about to get a whole lot bigger.

Meet Microboo, the galaxy’s most unassuming hero—a tiny black cat with piercing green eyes, a knack for diplomacy, and a tail that wags with cosmic confidence. Alongside her human companions and a ragtag team of forest friends, she’s whisked away on an interstellar adventure filled with tongue-twisting humor, daring diplomacy, and a whole lot of heart.

## Book Two: the Search for Microboo.

From the caffeine-fueled deserts of Java Matrix-9 to the chocolate fountains of Hedonist-3, the McBlinkies and their Wildcat Squadron navigate a universe brimming with gelatinous Flubberflinks, tech-savvy Squibberfluffs, and the mysterious Lagomorph overlords. But when Earth's fate hangs in the balance, it's up to Microboo's quirky charm and unshakable courage to unite the galaxy and save the day.

Will humanity rise to the challenge, or will T-mo-t accidentally press the wrong button (again)? Can Microboo's cosmic cuteness win over even the most stubborn alien adversaries? And what's the deal with the Lagomorph tickling machine?

Packed with colorful characters, laugh-out-loud moments, and a sprinkle of stardust, *The Space Adventures of Microboo with Her Friends of the Forest* is a heartwarming tale of courage, friendship, and the power of a tiny cat to make a galactic-sized difference.

## Glossary of Terms

### Microboo:

The galaxy's most unassuming hero—a feral cat turned galactic ambassador. She's got a knack for diplomacy, a love for naps, and a tail that wags with cosmic confidence. Everybody falls in love with her.

*Lunch at the Kitty Kat Resort (KKR)*

### T-mo-t McBlinkie:

Artist turned reluctant starship commander. He's a mix of creative genius and bumbling charm, with a soft spot for his

furry friends and a tendency to accidentally, save the day.  
He is also a part-time knucklehead but everyone likes him.

**The Wildcat Squadron:**

It is made up of Microboo, Rosebud and Julia.

*Here they are inside one of my oil paintings: T-shirts coming soon.*

*Here they are inside their scuttle hoppers:*

**Mrs. McBlinkie:**

The brains behind the McBlinkie operation. She's sharp, strategic, and always one step ahead—especially when it comes to outsmarting rogue androids.

## Chief Twylo Cappuccino:

A Lagomorph warrior with a flair for the dramatic and a love for carrot-based diplomacy. He's a spirit being that transcended from rabbits, part legend, and all heart. He talks a mean game but is a sweetheart pushover when the going gets rough.

*"Bring the Space Adventures of Microboo to life with our audiobooks, featuring hilarious voice acting and immersive sound effects!" Narrated by the infamous children's book voice master, Rory Young. Find them for \$6.95 or less on Audible, at our website @ [ilovemicroboo.com](http://ilovemicroboo.com).*

**Alexia:**

**The ship's AI or AGI/Android co-pilot. She's as sharp-tongued as she is advanced, with a penchant for sarcasm and a secret soft spot for animals not necessarily with humanity. Her face is strangely similar to Mrs. McBlinkie. Although she bonds with Mrs. McBlinkie.**

**Flubberflinks:**

**Gelatinous aliens who love carbonated lakes and burping the alphabet. They're bubbly in every sense of the word—except when they eat spicy food.**

**Squibberfluffs:**

**Fluffy, tech-savvy aliens who specialize in quirky gadgets and soothing vibrations. They're like cosmic comfort blankets with a side of genius.**

## Lagomorph:

Highly evolved rabbit-like beings who evolved into super-beings 9 billion years ago. They're wise, and occasionally wield cosmic threats. Two Lagomorphs rule the universe of all the known and unknown galaxies. Twylo and his life-mate, Supreme Commander BlueBelle Lapin. We found their baby pictures from 9 billion years ago.

*Baby Twylo and Blue Belle Lapin*

## GC Prime:

The bustling hub of the Galactic Council, where interstellar diplomacy happens and humanity's fate hangs in the balance.

## Java Matrix-9:

A desert planet famous for its coffee shops and as the stage for epic showdowns of wit, humor and secret plans.. Think of it as the galaxy's caffeine-fueled battleground. Watch out your wi-fi doesn't get hacked. This planet could have a map of sorts hidden somewhere. It could be significant. You will most likely need to read the books to get all the clues and understand them. Could there be a dance off by the robot armies to determine who is cooler? Who knows what kind of wacky is in store?

## Kitty Kat Resort:

A luxurious haven for cats and their humans, complete with sunbeams, scratching posts, and endless bowls of food.

*The McBlinkies of NC, are the hosts, feeders, caretakers, janitors, and doctors.*

## Star of Twylo:

A mysterious artifact with the power to reshape reality—or at least cause a lot of trouble when paired with the wrong disc. So, the legend has it anyways...

Since no one has ever seen the star of Twylo, we believe it could be any one of these. Check out this other version and you decide which could be the one.

How would you imagine the star of Twylo?

### **Nebula Nectar-99:**

**A robot lubricant made from recycled plastic trash and infused with the essence of color. It's the drink of choice for robot armies and eco-conscious, mechanical beings. (Spoiler Alert) It is introduced in book two, so I don't want to talk about it, okay?**

### **Hedonist-3:**

**A paradise planet with chocolate fountains, triple moons, and sunsets so beautiful they make you cry chocolate tears.**

### **Scuttle Hopper:**

**A versatile one-occupant flying saucer/spaceship with voice-activated color changes and the best tunes in the galaxy. Microboo's favorite ride. Designed by Chief Twylo it is a drone for the mother ship and can access all weapons, and communication arrays from different galaxies.**

and create time displacements, using tachyon particles to time travel, and form wormholes for convenient travel over the Lagomorph wormhole network; and travel agency.

Microboo is a natural. Rosebud and Julia are students of Microboo.

"If you want to know more about our wacky adventures, check out the Galactic Network at <https://t-mo-tproductions.com!>"

### **Wildcat Squadron:**

**A team of feral cats out of the Kitty Kat 'Resort turned cosmic, space-pilots. They're fearless, feisty, and always ready to pounce on danger, or a mouse if you have one.**

### **Fluffernauts:**

**Adorable, fluffy aliens who specialize in gravitational technologies and intergalactic hugs They all love Microboo, insanely.**

**Tanglewurms: (above)**

**Interdimensional travelers with electromagnetic weapons and a talent for deflecting meteors. They're the galaxy's unsung heroes. Unbeatable in a knitting contest.**

**Mother-ship Two:**

**The McBlinkies' home base and a flying galactic Fort Knox. It's packed with treasures, secrets, and the occasional food fight. Universes' 2nd in command, Chief Twylo gives the ship and the robot army to McBlinkie as a test of human sophistication. Oh boy...**

**The royal transport: one several hundred ships inside the shuttle bay on the mother-ship. The top image above is a ship the size of Texas.**

**Tickly-Time Three:**

**A planet in the Chuckler Cluster with a Lagomorph tickling machine that's equal parts therapy and torture. Don't drink before getting a session on that ride.**

## Bubble-Burp Bay:

According to the brochure, it is a lake on a distant planet where bubbles burst with sweet smells. It's a booger-themed paradise for the adventurous and also for ear, nose, and throat specialists who deal with buggers daily.

## Freddy The Fox

He wants to be known as Federico Suave, a wannabe rock vocalist and performer. His loyalty to Microboo makes him a great wing-man on missions to other planets, dimensions and oddball stuff. They met in the forest as pups and kittens and made lasting friends.

## Hooter the Owl

She is a friend from the forest where the Kitty Kat resort is and she assumes an advisory role in the group. an amazing vocalist too-her favorite band is the Who.

### Uncle Bollo

Uncle Bollo is a cardinal, his desire is to be a mob boss like on TV. He becomes the forest negotiator and wise guy. He is protective of the friends of the forest, and becomes an intergalactic force that alien cultures are truly scared of because he throws around his connections to the Lagomorphs to get people to do his bidding. The Lagomorphs are advanced and kind of scary, till you get to know them. Bollo is a great

vocalist, married to Dolores, his lovely wife and mezzo-soprano vocalist, who will be releasing her new album coming soon in book 5 of the series.

**Meet Synthetikah:**

She is Alexias Twin cousin, who underwent a dangerous dose of cosmic radiation and went rogue, trying to take over all the other robot armies in every galaxy. She is a bot with some game and needs to be dealt with on a special level. She even looks like she has a screw loose.

### Recap:

To all the moms, kids, and brave warriors of imagination who have joined us on this cosmic journey—thank you from the bottom of our hearts. You’ve not just read these stories; you’ve lived them, laughed with them, and made them your own. Whether you’re a mom sharing bedtime giggles over tongue twisters or a young adventurer dreaming of piloting a Scuttle Hopper, you’ve become an essential part of this universe. Your love for Microboo, your courage to embrace the wacky, and your boundless creativity have brought this world to life in ways we could only dream of. Together, we’ve proven that even the smallest among us can make the biggest difference and that kindness, humor, and a little “McBlinkery” can save the day.

But this is just the beginning! The universe is vast, and countless adventures are waiting to unfold.

Thank you for being part of our family, for sharing your imagination, and for reminding us that even the smallest acts of kindness and bravery can ripple across the stars. The journey is far from over, and remember: the stars are just the beginning.

With all my love,

Timothy Martin Daher

P.s. The wildcat squad is a real-life group of feral cats that live inside our yard at the Kitty Kat Resort and Cafe. Yes, Microboo and the gang are like our children and we do love

them very much. They have lived in the wild for 11 years now and are quite resilient creatures. So technically this is based on a true story.
